In order to provide events and raise needed funds, the parent teacher group assists with various events throughout the year at Our Lady of Fatima High School. Your participation in these events is essential. We know that your schedules are chaotic and overflowing, however, we need your assistance. A small group of parents cannot do all the work. All parents are welcome to join in the events, meet other parents, learn more about the school, your student's participation in these events, and have some FUN. Please review the opportunities below and indicate what you are interested in and place a check mark in the space provided. Thank you for your help.
