

**FATIMA PARENTS BUSINESS NETWORK**

**PARENTS SUPPORTING PARENTS**

Parents are often unaware of the opportunities available within the school community of services that may be provided by other parents who own a business. Therefore, Fatima High School is in the process of developing a business directory for parents.

If you are a parent or alumni who owns a business and would like to advertise your business in a Fatima business directory, PARENTS SUPPORTING PARENTS please send in your business card, and we will be happy to include it in the directory. There is no cost attached.
